

DLA 02/2016 – Allergens II: Soya and Wheat in „gluten-free“ Pastry with „Spiking Material Sample“

Terms

Test material :

There are two different samples "gluten-free" bread possibly containing the allergenic ingredients soya and/or wheat in the range of mg/kg. Additionally a „Spiking Material Sample“ is provided which was used for the spiking of the positive sample (A or B). It contains 1-10% of the allergenic items in potatoe flour and should be analysed like a normal sample (eventually diluted).

The material is tested for homogeneity.

Order :

Registration deadline is 27th January 2016.

The reliable order can be sent to our partner Coring System Diagnostix, can be faxed to us, DLA, using attached order form, or using the order form available from www.dla-lvu.de. The minimum number of participants is 10.

Sample shipment :

The samples will be sent to participating laboratories in the week 5. Each participant receives two different samples, min. 25 gram each, sufficient for several analyses.

The „Spiking Material Sample“ contains 10 g.

Invoicing / Price :

The price for the proficiency test is 207,-- € / participant plus shipping and tax. Shipping and invoicing to other countries than Germany are

done by our partner Coring System Diagnostix. Invoices are payable within 2 weeks, for participants from Non-European countries pre-payment is required.

Realisation :

There is a 6 weeks time for performing the analysis. Deadline for results submission is 18th March 2016. Submission should be done by e-mail with a prepared excel-file, available from DLA.

DLA intends to finish the evaluation report within 6 weeks after deadline for the results. Qualitative valuation (positive / negative) will be done. Statistical evaluation will be performed for all analytes, for which we will receive at least 5 quantitative results. Statistics imply test for outliers, robust mean, median, robust standard deviation and z-score.

Results, limits of detection and quantification and remarks to the methods will be documented.

Each participant receives an anonymized, complete analysis PDF-report file, identifying the own results by individual code in case payment was done. A print-out can be sent on demand.
