

DLA 34/2016 - GMO-Screening qualitative: 5 Samples with positive/negative amounts of GMO-Maize (Bt11) or GMO-Soya (RR)

terms

Test material :

There are 5 different test samples (flours and baking mixtures) containing GMO-ingredients from Bt11-Maize and/or RR-Soya.

GMO-Addition: Bt11-maize and Round-Up Ready containing maize and soy products. The material is tested for homogeneity.

Order :

Registration deadline is 27th April 2016. The reliable order can be sent to our partner Coring System Diagnostix, can be faxed to us, DLA, using attached order form, or using the order form available from www.dla-lvu.de. The minimum number of participants is 10.

Sample shipment :

The samples will be sent to participating laboratories in the week 18. Each participant receives 5 different test samples, 10 g each.

Invoicing / Price :

The price for the proficiency test is 217,-- € / participant plus shipping and tax. Shipping and invoicing to other countries than Germany are

done by our partner Coring System Diagnostix. Invoices are payable within 2 weeks, for participants from Non-European countries pre-payment is required.

Realisation :

There is a 6 weeks time for performing the analysis. The method of analysis is optional. Deadline for results submission is 17th June 2016. Submission should be done by e-mail with a prepared excel-file, available from DLA. DLA intends to finish statistics and interpretation within 6 weeks after deadline for the results.

Evaluation is strictly qualitative (positive / negative) for each of the 5 samples. Single results, limits of detection and details about the method of analysis will be documented as submitted.

Each participant receives an anonymized, complete analysis PDF-report file, identifying the own results by individual code in case payment was done. A print-out can be sent on demand.

Our General Terms and Conditions GTC apply: www.dla-lvu.de/GTC.html
