

DLA 38-2016 - Persipan (Apricot) in Marzipan (Almond)

terms

Test material :

There are two different samples of marzipan with a possible content of persipan (apricot kernels) of up to 1%. Any suitable method can be applied (e.g., ELISA and PCR). The evaluation will be carried out both qualitatively and quantitatively.

The material is tested for homogeneity.

Order :

Registration deadline is 26th October 2016. The reliable order can be sent to our partner Coring System Diagnostix, can be faxed to us, DLA, using attached order form, or using the order form available from www.dla-lvu.de. The minimum number of participants is 10.

Sample shipment :

The samples will be sent to participating laboratories in the week 44. Each participant receives two different samples (A and B) , 25 g each.

Invoicing / Price :

The price for the proficiency test is 170,-- € / participant plus shipping and tax. Shipping and invoicing to other countries than Germany are done by our partner Coring System Diagnostix. Invoices are payable within 2 weeks, for

participants from Non-European countries pre-payment is required.

Realisation :

There is a 6 weeks time for performing the analysis. The method of analysis is optional. Deadline for results submission is 16th December 2016. Submission should be done by e-mail with a prepared excel-file, available from DLA.

DLA intends to finish statistics and interpretation within 6 weeks after deadline for the results. Qualitative valuation (positive / negative) will be done. Statistical evaluation will be performed for apricot content, if we will receive at least 5 quantitative results. Statistics imply test for outliers, robust mean, median, robust standard deviation and z-score.

Results, limits of detection and quantification and remarks to the methods will be documented.

Each participant receives an anonymized, complete analysis PDF-report file, identifying the own results by individual code in case payment was done. A print-out can be sent on demand.
